Dear Madam Secretary:

This letter and the attached amended report are in response to the Federal Election Commission's preliminary review of the Quarterly Report (07/1/06- 09/30/06) of the Evan Bayh Committee. The letter (copy enclosed) indicated a few questions that the Commission wanted the committee to address.

   1.) Schedule A of your report discloses one or more contributions that appear to exceed the limits set forth in the Act.

We have issued refunds to the eleven contributors listed in the Commissions preliminary review letter. Copies of the refund checks are attached to this correspondence.

We examined all of our contributions to check for additional excessive contributions and determined that there were none. We also reviewed our procedures for processing contributions, and reinforced to staff the necessity of following the procedures at all times.

   2.) Commission Regulations define the term "purpose" to mean a brief statement or description of why a disbursement was made. Please amend Schedule B of your report to correct the descriptions that so not meet the requirements of the Regulations.

An amended report with the necessary corrections to Schedule B is attached.

   3.) Schedule B of your report discloses reimbursements to individuals for expenses other than travel and subsistence. When itemizing reimbursements to individuals for goods or services, if the payment to the original vendor aggregates in excess of $200 in an election cycle, am memo entry including the name and address of the original vendor, as well as the date, amount and purpose of the original purchase must be provided.

An amended report with the necessary corrections to Schedule B is attached. However, there were a few occasions where invoices did not include a break down of the costs or copies of the receipts and therefore we could not memo each item that was paid for.
